Profile

I'm a passionate and dedicated **MERN full-stack** web developer and self-taught **C++** enthusiast. My journey in programming began in high school, and ever since, I have been driven by a relentless curiosity to delve deeper into the vast world of computer science. With a solid foundation in the MERN (MongoDB, Express, React, and Node) stack, I have developed a keen ability to build robust, scalable, and user-friendly web applications. My expertise in C++ further complements my skill set, allowing me to tackle complex algorithms and performance-critical applications with confidence and precision. I thrive on challenges and am always eager to expand my knowledge, staying abreast of the latest technological advancements and industry best practices. My goal is to continue growing as a developer, contributing to innovative projects, and making a meaningful impact through my work. You can check my projects on my portfolio.

Experience

Intern at Prodigy InfoTech *(Mumbai - 400018, Maharashta, India),* *contact@prodigyinfotech.dev*	**August 2024**	PRODIGY INFOTECH

My tasks included the development of: i) a user authentication system with secure login and registration functionality, ii) an employee management system, specifically a web application that allows administrators to perform CRUD (Create, Read, Update, Delete) operations on employee records, iii) a real-time chat application using WebSocket technology to enable instant messaging between users, and iv) a social media platform.

Programming skills

Programming languages and Web technologies	**Coding tools / Frameworks**
- HTML	- Bootstrap & Tailwind CSS
- CSS	- SASS & REST API
- JavaScript (including Node.js)	- Git & Github
- TypeScript	- ES6 & OOP
- SQL	- MySQL, MongoDB & Mongoose
- C++	- Express.js & Handlebars.js
- Python	- React.js & Redux
	- Next.js

Soft skills

- Team player, dedicated to motivating and mentoring colleagues within multicultural settings.	- Impeccable integrity
	- Dedicated to the objectives of the work.
- Recognized for strong client orientation.	- Eager to learn and earn knowledge and skills to improve my overall performance.

Technical training, certification

Software Developer Bootcamp GoMyCode Senegal, Certified	**January-July 2024**	GOMYCODE
Scrum Fundamentals Certified	**June 2024**	SFC
HackerRank certified (Frontend Developer (React), Rest API (Intermediate) and JavaScript (Basic))	**May-July 2024**	Hacker Rank
MongoDB Node.js developer Path Certificate	**April 2024**	MongoDB.

Postman API Fundamentals Student Expert badge	**April 2024**	
CodinGame **Certification C++, Problem solving with C++** **Certification JavaScript, Problem solving with JavaScript**	**March 2024**	
freeCodeCamp Responsive Web Design **Developer Certificate,** approximately 300 hours of work	**February 2024**	
CodeCademy **C++ for Programmers Course** **Learn C++ Course**	**January 2024**	

Education

Bachelor's in Computer Science	**August 2024-Septembre 2026**
[University of Montreal]	Ongoing
Bachelor of Secondary Education Major in Mathematics	**July 2023**
[Valedictorian, Prize of the Minister of Higher Education and Research]	

Languages

Languages	Level	Observations
French	*Excellent*	Native
English	*Good*	TOEFL, Score: 101/120
Spanish	*Notions*	Notions acquired during secondary education
